Hereinafter referred to as ("Dealer")

Whereas, Distributor has established a system of authorized dealers operating at approved locations to sell and service products distributed by Distributor, including but not limited to all welders, plasma cutters, multi-purpose units, and generators and related parts and accessories ("Products" or "Product") in the most effective manner and whereas each authorized dealer is relied upon to provide appropriate capital, equipment, staff and facilities to properly sell, service and protect the reputation of Distributor's Products, the parties agree as follows:

Dealer shall pay the purchase price specified in the Dealer Price List to be provided from time to time, but provided that Distributor shall give Dealer thirty (30) days written notice to any changes in Dealer prices. Distributor will not accept returns of any Product that is not in its original condition and in its original packaging. Defective Products returned under warranty to Dealer will be resolved by providing replacement parts or by Product replacement, at the option of Distributor.
9. **Dealer Representations.** Dealer certifies that it holds a valid seller's permit for all locations from which it will sell Products, that it is engaged in the business of selling and that all the Product(s) it shall purchase from Distributor will be resold by it in the form of tangible personal property and further that it holds any and all licenses, permits and certificates required by federal, state or local laws or regulatory authority necessary to qualify it to sell the Product in the sales location.
